Credentialed

- Medicare certified
- Licensed in the State of Illinois
- Accredited by Joint Commission

Value Based

Respect

We respect the dignity and worth of human life and honor the rights of the individual.

Service

We embrace the idea that an enriched life is spent in the service of others. We commit to meeting the unique needs of all we serve.

Ethics

We insist on a disciplined adherence to a strict ethical code. We will always do the right thing for our patients, families, communities and stakeholders.

Challenge

We challenge established views because it inspires innovation, promotes excellence and enhances the lives of those we serve.

Visionary

To be able to provide hospice care to even more people, HNI is constructing the *Pepper Family Hospice Home & Center for Care*, a 16-bed inpatient facility in Barrington. It will be among the first “Green” hospices in the country.

Setting the Standard

The region's largest nonprofit hospice-only provider.

27 years of experience in delivering quality end-of-life care.

Partnerships and collaborations with hospitals, churches, educational institutions, and other agencies help keep Hospice's programming both responsive and innovative.

One of the largest hospice grief support program in the State of Illinois is a valued resource for patients, their families, and the communities served by Hospice.

An unmatched commitment to caring for each patient's body, mind, and spirit requires programming that is comprehensive. Besides high-quality nursing care and pain management, Hospice provides massage, art, pet, Reiki, and music therapies; spiritual care and grief support; case management, palliative care and more.

A low patient-staff ratio means our patients, as well as those who love them, receive the highest level of care.

Specially trained in post-traumatic stress care — especially important for U.S. veterans.

Statistics

A community-based nonprofit hospice since 1982.

16,500 individuals have received hospice care from the agency since its founding.

1,300 individuals receive care from HNI

10,000 hours of volunteer support provided by 300 volunteers annually.

55,000 adults and children served through the Center for Loss and Hope in the last 10 years

6,670 donors contributed approximately \$11 million last year to help meet the rising cost of quality hospice care and support the capital campaign for the new *Pepper Family Hospice & Center for Care*.

6 counties are served by Hospice including Cook, Lake, Kane, Boone, DuPage, and McHenry.
